## Knitted Baby Bow Hat

I love Pinterest for getting craft ideas, recipes, and patterns, but one of the frustrating things about it is that some of the pictures lead to listings on Etsy or other places that don't have the pattern. But that won't stop this crafty girl! I semi-made-up this pattern by modifying a simple hat pattern I have in my stash and copying the picture. This pattern is fairly simple, and really cute! Perfect for using up scraps too :) I'm not great at knowing sizes, but I think it would fit a 0-3 month infant. To make it bigger, add stitches in multiples of 4 before casting on. You could also use the basic hat pattern and add stripes, flowers, or make it look like an animal. See my [Crochet Hat Round-Up](#) post for ideas. Be creative!

### Knitted Baby Bow Hat

#### Materials:

2 colours worsted weight yarn (size 4)

6 mm (US 10) knitting needles

#### Hat:

Using main colour, cast on 44 stitches. Work knit 1 purl 1 ribbing for 1". Work 4 rows stocking stitch (knit one row, purl one row). Switch to accent colour and work 4 rows stocking stitch. Switch back to main colour and continue in stocking stitch until it

measures approx. 5" from beginning.

Decrease:

Row 1: [Knit 2, knit 2 together] to end of row

Row 2: Purl

Row 3: [Knit 1, knit 2 together] to end of row

Row 4: Purl

Row 5: [Knit 2 together] to end of row

Row 6: [Purl 2 together] to end of row.

Cut yarn and pull through loops.

Bow:

Cast on 16 stitches (using accent colour yarn)

Knit in garter stitch (knit every row) until the bow measures approx. 1".

Cast off and sew in ends.

Finishing:

Sew the bow onto the coloured stripe by looping around it several times. Make sure that you sew through the bow piece at least once so it can't get pulled out. Sew in all loose ends, and sew the middle seam.

Notes:

You can easily modify this pattern to be bigger by adding stitches in multiples of 4 (i.e. add 4, 8, 12, etc. stitches), and making it a bit longer. If you want it to be stretchier, use bigger size needles. To make it tighter, you can use smaller needles for the ribbing at the bottom, and bigger needles for the main part.

If you want to make this pattern with baby weight yarn, cast on 64 stitches and use 4mm knitting needles.
